Agenda

Intro + ghost hunting team formations

Our host welcomes the group into the virtual room and gives an overview of how the event will run. This lead Paranormal Investigator sets the story by giving background on the famous Winchester Mansion and setting the objective for players to hunt ghosts to escape the building unharmed. Players split into investigative units, with each team giving introductions, choosing a name, and selecting a reporter to collect clues. This step ensures effective gameplay and team dynamics throughout the experience. 10 minutes

Series of spookily designed clues and puzzles

Teams race against each other to finish games and puzzles for extra clues and uncover the secrets behind these spooky specters. Activities may include tasks like working collaboratively to piecie together a jigsaw puzzle containing a map or searching for secret messages on a Ouija board. These games are designed to embrace and enhance skills like observation, group problem-solving, deductive reasoning, communication, and teamwork.

Did you escape the mansion?

Following the final puzzle, the host will bring groups back grom breakout rooms to announce which teams successfully completed the task on time and managed to escape the mansion. The event concludes with a spooky group photo and a team cheer to end the experience on a not-so-scary note.
