

Sustainability Through Upcycling (45 min)

4.98 / 5.0 rating on 125 reviews

Virtual + Hybrid 45 min 10 - 1,000 guests \$30 pp

Join us in making a positive impact on the planet with our exciting virtual team event: Sustainability Through Upcycling! Get ready to engage your team members in a meaningful and fun experience that combines sustainability, creativity, and friendly competition.

During this 45-minute event, your team will embark on a journey of upcycling by transforming old T-shirts into stylish and eco-friendly tote bags. Our expert hosts will guide you through the process, providing valuable insights into sustainable practices and showcasing the importance of reducing waste.

But that's not all! While crafting your tote bags, you'll also participate in high-energy trivia and interactive games that will keep the energy levels high and the excitement flowing. This unique combination of hands-on upcycling and engaging activities will foster team bonding and enhance your team's understanding of sustainability.

Whether you're looking to raise awareness about green practices, strengthen your team's connection, or simply have a great time while making a difference, Sustainability Through Upcycling is the perfect choice. Join us and let's create a better future together!

T-Shirt Tote

Pulau Semakau

Agenda

Introduction + welcome

Greeting your guests upon arrival, our friendly host will explain the event's structure and set the tone for an engaging and memorable experience.

5 minutes

Sustainability Trivia + Donations

The group will play rounds of rapidfire of environmentally-inspired trivia. Folks do not have to have much prior knowledge or be sustainability whizzes to enjoy the game. Each question has two possible answers, and players rely on their instincts to guess correctly and earn points. This quiz is designed to impart fun facts and spark conversation. Also, correct answers help players contribute to real-world causes like planting trees or reducing CO2 emissions.

10 minutes

T-shirt Tote Time!

The host will lead through the creation of a craft where we upcycle a T-shirt into a reusable shopping bag. We give a handout at the end of the event that walks through the steps so guests can take what they learned and make more reusable shopping bags.

15 minutes

Sustainability Game

The group will play fun and informative sustainability focused trivia and answer polls pertaining to critically thinking about humanity's relationship with the world we all share. This is also an opportunity to test how well you know your team, by asking participants to predict each other's poll responses.

10 minutes

Wrap up + share your bag!

Because part of the fun of crafting is showing off the results, guests will get the chance to share their finished bags with their fellow eco-crafters, and the host will snap a picture. Guests will then receive a T-shirt Tote Handout and encouragement to take what they have learned and apply it to their everyday lives.
